The information provided is a general guide to the protocols and methodologies of Indigenous people that are unique to their community in respect of the Dene, Nakawe, Lakota, Dakota, and Cree. The Guidance in each community varies and asking about cultural protocols and nature based programming/land based practices will be dependent on many varying factors such as the Knowledge keepers and Elders. As Indigenous people we must respect the language and culture that varies in each community and individual student.

\*\*\*This guide is not intended to provide in-depth knowledge about ceremony or cultural teachings, but is a hands-on approach to including Indigenous methodologies and land based approaches to learning.

Cultural teaching: tobacco, smudging, fasting, song and dance: gift of ceremony and sacred pipe, feasts, tipi-teachings,

## SPIRITUAL

- Daily smudge
- All about me activities:
- Teaching from the four quadrants daily
- Seven Sacred Teachings
- Treaty teachings
- Incorporating multicultural materials and books in the classroom

- Traditional stories
- Connections to land and place
- Elder and community visitors
- Create a map of the community with your students
- Create a land based activity center: camping, furs, elders, smoke house/hut
- Hunting
- Sage and sweet grass picking
- Pipe ceremony
- Talking circle
- 4 seasons teachings

#### MENTAL:

- Daily classroom helpers (feeling of belonging and contributing)
- Medicine Picking
- Outdoor Education
- Cloud painting
- Traditional Music
- Traditional Dance ex. Jigging, powwow, round dance
- Mural painting
- Grow plants and/or gardens
- Classroom pets
- Traditional hand games
- Art
- Beading
- Traditional ceremonies: sweat, feast

#### EMOTIONAL:

- Feelings chart made with students
- Second step lessons
- Literature about different feelings
- Sing songs about feelings
- Puppet shows about feelings
- Painting to music
- Oral Storytelling
- Hospital or vet center
- Create a center management chart with students
- Playing games that require turn taking ex go fish, matching games, guess who, connect four, snakes and ladders.

#### PHYSICAL:

- Outdoor Education: ice fishing, setting traps, berry picking, nature walks, gathering outdoor materials, pond studies, insect walks, bird watching, snow shoes, outdoor cooking
- Natural Materials in the classroom... bring the outdoors in.
- Daily outdoor experiences
- Healthy snacks
- Teach about the four food groups and have a chart near the snack area to refer to when eating snacks
- Daily hands on activities that build on children's fine motor skills. Puzzles, crafts, beading, painting, playdough activities etc
- Rock painting
- Natural materials collages
- Traditional Dance ex jigging, powwow
- Grow classroom gardens
-
